**NOTE**: Not all products are available in all markets. Product availability is subject to regulatory approval in respective markets. Images are not to scale.
The Baha Fitting Software 4.0 supports the programmable sound processors and is available through the Cochlear Software Distribution System (CSDS) using a downloadable link. Cochlear will also continue to distribute CDs for clinics that do not have internet access. The Baha 4 Sound Processor can be fitted wirelessly using the Airlink. The BP100 and BP110 Power require cables that can be ordered as spare parts. Additional material such as data sheets, fitting guides or other promotional material will be available via a separate link or CD.

**NOTE:** Contact your local Cochlear representative to ensure that you always have the latest version of the Baha Fitting Software.

**Baha Fitting Software 4.0 – Cochlear Software Distribution System (CSDS)**

Please contact your local Cochlear representative to receive the link to the CSDS to download the Baha Fitting Software 4.0.

**Available via download:**
- Baha Fitting Software 4.0
- Baha Installation Instructions
- Baha User Guide

**Baha Fitting Software 4.0**

**Available on CD:**
- 94223 Baha Fitting Software 4.0 (CD) (Software with full access to all products and functions)
- 94224 Baha Fitting Software 4.0 - Key (CD) (Software with restricted access requiring a product key to unlock new products or features. Please find the order information about Product Key’s under the Spare parts section below)

**Additional**

**Printed manuals (order separately)**
- 94799 Baha Fitting Software 4.0 - Media Pack (Baha Installation Instruction and Baha User Guide)

**Promotional material**
- Baha Fitting Software - Additional promotional material CSDS (Download, contact your local representative to receive download link)
- E82763 Baha Fitting Software - Additional promotional material (CD)

**Spare parts**

The following articles can be ordered if a restricted software version previously has been installed. The specific Product Key will only provide a specific access.

- 94801 Product Key – Access to WL and Baha 4 Sound Processor (Receive code to unlock Baha 4 Sound Processor product and features)
- 94802 Product Key – Access to Attract (Receive code to unlock Attract System settings in BC Select)
- 94803 Product Key – Access to WL and Attract (Receive code to unlock Attract, Baha 4 Sound Processor and WL accessories)

Due to local regulatory requirements not all content is available in all markets. Please contact your Cochlear representative to make sure you order the appropriate Product Key.

**NOTE:** As soon as a new Product Key is being entered, previous accessed content will be overwritten.

**NOTE:** Not all products are available in all markets. Product availability is subject to regulatory approval in respective markets. Images are not to scale.
Spare parts

The following articles can be ordered as spare parts.

- 91911 Programming Cable Short Blue Spare (use with NOAHlink)
- 91912 Programming Cable Short Red Spare (use with NOAHlink)

As the leading global expert in implantable hearing solutions, Cochlear is dedicated to bringing the gift of sound to people all over the world. For thirty years, Cochlear has pioneered this technology, helping more than a quarter of a million people reconnect to their families and friends.

Along with the industry’s largest investment in research and development, we continue to partner with leading international researchers and hearing professionals, ensuring that we are at the forefront of hearing science.

For our customers, that means access to our latest technologies throughout their lives, and the ongoing support they need.

That is why seven out of ten people worldwide who choose a cochlear implant choose Cochlear as their hearing partner.
