Ready-to-Wear

Have your Kanso 2 Sound Processor pre-loaded with your current programs by our Cochlear Hear Always Specialists. To participate, recipient must be age 5 or older. Cochlear recommends that you schedule a follow-up appointment with your audiologist to maximize your battery use and check your magnet strength. The Ready-to-Wear service may not be available for certain implant types. If your clinician decides that this option is not right for you, your Kanso 2 Sound Processor will be shipped unprogrammed to the address you provide.

There are two options available for Ready-to-Wear. You can either select it as your one service option, in lieu of an accessory, or you can pay the \$95 fee and have it added to your order.

Ready-to-Wear as your service option

Ready-to-Wear as an additional service (\$95)

If your clinician decides that this option is not right for you, the Ready-to-Wear service fee will be removed.
